

PREVENTION OF TRANSMISSION OF COVID-19, IN PLACES WHERE YOU LIVE CLOSE TOGETHER

Read more recommendations from the Danish Health Authority, as well as how to behave in case of infection [HERE](#) (in Danish)

DISTANCE AND ARRANGEMENT

Always keep at least 1 meter away from each other. You should keep a distance to others, when you stay together in all forms of common space. If necessary, relocate the furniture.

EXTRA CLEANING

Remember to clean the contact points, such as handles, handrails, switches, table edges, utensils, taps, toilets, etc ..

RECOMMENDATIONS (COMMON AREAS)

- Make distance markings
- Place hand sanitiser at all entrances
- Remind each other to use the elbow instead of the fingers - when possible
- Use signs with number of people allowed
- Air out 2 x 10 minutes every day
